

July 18, 2024

Dear Patients and Families,

At Milton Orthodontics, we pride ourselves on the top-notch orthodontic care we provide our patients. For more than thirty years, I have had the pleasure of treating the community of Milton and beyond, building relationships with generations of families. These relationships are something I will forever cherish. Now, as I look toward the future, I'd like to announce my retirement as an orthodontist. I will miss you all dearly, but also look forward to this next chapter. As we continue to grow and evolve as a practice, it is my pleasure to introduce you to Dr. Codi Saunders, who will begin practicing at Milton Orthodontics this month!

A San Diego native, Dr. Saunders received his degree in Chemical Engineering from Columbia University. He went on to receive his Doctor of Dental Surgery degree from NYU College of Dentistry. Finally, he obtained his Certificate in Orthodontics from Tufts University. Dr. Saunders is a member of the American Association of Orthodontists. While he loves every single part about orthodontics, what he enjoys most is teaching each patient about their own mouth and how he can help them achieve their best smile. Outside of work, Dr. Saunders spends his time with friends, cooking, exercising, or recharging with a TV show or a book.

**Codi Saunders, DDS**

I will continue to work alongside Dr. Saunders for a short time, and I am confident that your orthodontic care will transition into excellent hands with this exciting addition to our team.

I cannot thank you enough for your loyalty and your trust in my care. It is because of my patients that I have always enjoyed coming to work every day. If you'd like to book your or your child's next orthodontic appointment with Dr. Saunders, please call our office at (617)698-8883.

Sincerely,

Dr. Dennis Sherman
